Channel number
Mean comb line separation:
164.37 channels
=> 0.1217 Mhz/ch.
Separation R.M.S.:
0.53 channels
= 0.06 MHz
Frequency error introduced by assuming a linear scale centered on channel number
1.01612E+03
Mean comb line width (= AOS resolution):
2.96 channels
= 0.361 MHz
Width R.M.S.:
0.05 channels
= 6.E-03 MHz
